

Be a Community Hero: Be a Library Sponsor

>>> 2025 SPONSORSHIPS

ABC BOOSTERS

ABC Boosters is a kindergarten readiness program in the summer that helps rising pre-k students succeed in school, including early reading skills. Over 60 pre-k students will participate in 2025.

PROGRAM SPONSORSHIP

Program sponsors ensure the continuation and growth of EPL's most valued programming in our community.

ABC Boosters Program Sponsorship

»»» PREPARING FOR SCHOOL

This summer, 60 pre-k students from Evanston/Skokie School District 65 will participate in the ABC Boosters program. Every day during the program, pre-k students will work one-on-one with high school students, supported and trained by EPL staff and District 65 teachers, in the fundamentals of school -- everything from sitting in a circle and following rules to **key literacy skills, like sight word recognition and phonetics.**

»»» BRIDGING THE ACHIEVEMENT GAP

Research has shown that the achievement gap in school appears as early as kindergarten. Early interventions in pre-kindergarten (pre-k) are an effective way to combat the achievement gap in elementary school.

Program Sponsorship Levels

»»» 2025 SPONSORSHIPS

Program sponsors will receive recognition, based on the level of sponsorship, in the marketing materials for that specific program, such as on the printed flyers and website registration page.

	In Kind Donor	Silver	Platinum	Diamond
	value of in kind	\$1,000-\$4,999	\$5,000 - \$9,999	\$10,000+
